In the Matter of

) CG Docket No. 02-278

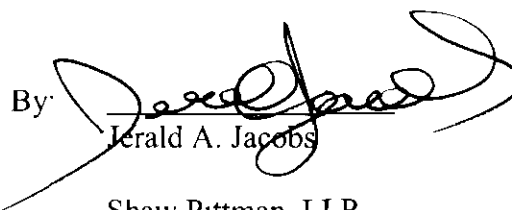

## To The Commission

The American Society of Association Executives (“ASAE”)<sup>1</sup> filed a Petition for Emergency Clarification with the Commission on July 25, 2003 seeking an emergency clarification of the rules governing unsolicited facsimile advertisements as they apply to tax exempt nonprofit organizations. On July 31, 2003, ASAE filed a supplement to its Petition that added as supporters close to seven hundred tax exempt nonprofit organizations and others. ASAE filed simultaneously with the Commission a Petition for Stay of the unsolicited facsimile advertisement rules as they apply to tax exempt nonprofit organizations. Since ASAE’s initial supplement to its Petition, hundreds of additional tax exempt nonprofit organizations and others have requested that ASAE add their names in support of its Petition. Therefore, ASAE is submitting a second supplement to its Petition, which includes the names of five hundred

additional tax exempt nonprofit organizations and other interested parties. These organizations have members, donors, and other constituents collectively numbering in the tens of millions (one of them alone has twenty million dues-paying members); and the organizations frequently communicate via facsimile transmission. Now, on behalf of over one thousand two hundred tax exempt nonprofit organizations and others listed in Exhibit A and representing virtually every sector of this community, ASAE respectfully reiterates its petition that the Commission promulgate, on an emergency basis, a clarification that unsolicited facsimile communications are not prohibited when issued by or for tax exempt nonprofit organizations in pursuit of their recognized and authorized tax exempt nonprofit purposes. Without such relief, the enormously laudatory and valuable work of hundreds of thousands of membership organizations, charities, advocacy organizations, and other tax exempt nonprofit organizations would be unnecessarily interrupted or impeded.

Respectfully submitted,

By:
